GLAZED PORCELAIN

floor • wall • countertop

Combining the look of natural stone with the easy maintenance of glazed porcelain, Ayers Rock is the perfect tile for any residential or commercial space. Featuring Reveal Imaging, Ayers Rock has a realistic natural slate visual and texture. Its rich, natural variation and beautiful color options make it a distinctive statement of elegance. Complete with five modular field sizes, mosaics, decorative accents, and a full trim package, this tile will create an upscale impression with any installation.

Photo features Rustic Remnant 20 x 20, 13 x 20, 13 x 13, and 6-1/2 x 6-1/2 field tile in a Modular Versailles pattern on the floor.

Photo features Solar Summit 20 x 20 field tile on the floor and 6-1/2 x 6-1/2 field tile on the back splash.

NOTES

Use of a latex modified thin-set is recommended for proper installation.

Strong random shading enhances the natural beauty of this product. To achieve optimal results, tile should be selected from multiple cartons and shading arrangement planned prior to installation.

Special care needs to be given when installing tiles 20" and larger. Please refer to www.daltileproducts.com/LargeTiles for information.

Since there are variations in all fired ceramic products, tile and trim supplied for your particular installation may not match these samples. Final color selection should be made from actual tiles and trim and not from tile and trim samples or color reproductions. Manufactured in accordance with ANSI A137.1 standards.

For additional information, refer to "Factors to Consider" at www.daltile.com/CommercialFactors.

Water, oil, grease, etc. create slippery conditions. Floor applications with exposure to these conditions require extra caution in product selection. Not for use on ramps.
